**Mashup** pairing hardware to the Internet!

360 Safety is a GPS tracking device geared towards middle school children and their guardians. It allows parents who are unavailable to walk their children home from school to pick them up virtually. It gives parents peace of mind to see their child is safe and gives teens the freedom and independence they want.

Child has their house key and attached is a video camera that the parent can monitor remotely from any computer with access to 360safety.com.

The 360 Safety device has a microphone and video camera so parents can see exactly what the child is seeing from the front and back views.

When is this device used?

For example if the parent is stuck at work and cannot make it to pick up their child...or the parent does not want to have the hassle of picking up the student daily at school.

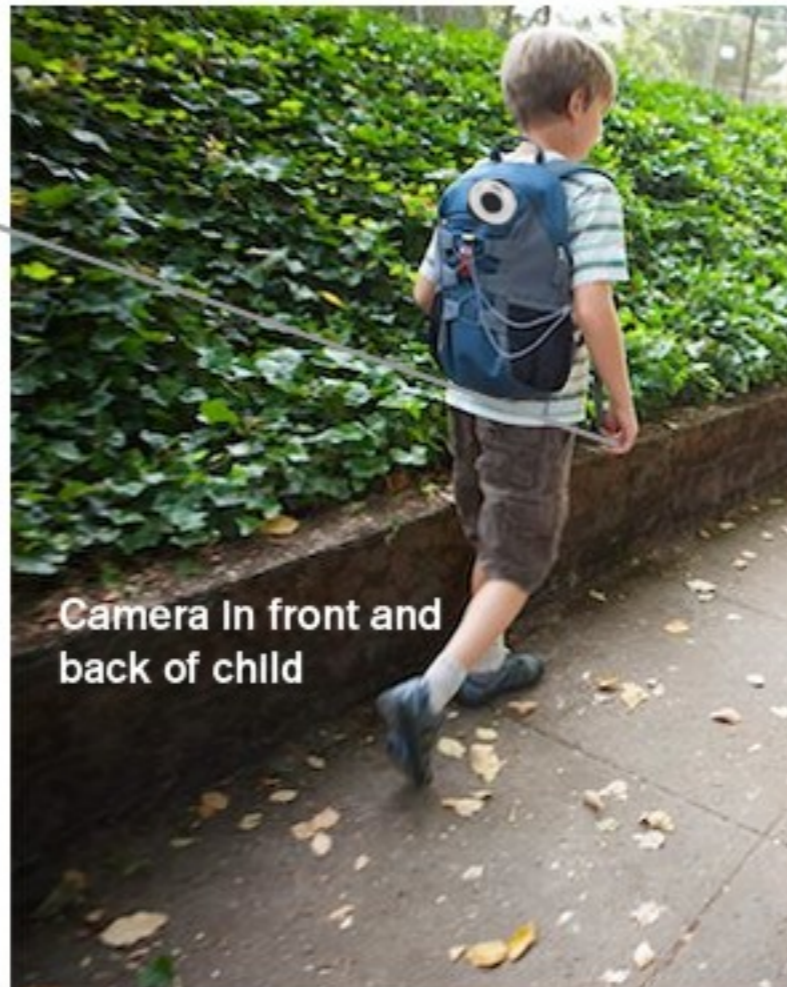

360 Safety is a GPS tracking device makes kids feel independent while walking home from school, but the parent still has a sense of comfort

The 360 Safety device is intended for use by 6th, 7th, and 8th graders

Child can talk to parent while walking home. There is a button that connects directly to parent. The parent can monitor the fifteen minute walk on their work or home computers.

Camera in front and back of child

Video camera attaches to backpack with safety pins

Parent Benefits:

- One time fee of \$250.00 and no monthly cell phone bill
- Peace of mind knowing your child is safe

Emergency button linked directly to police station next to his/her school

See what your child is looking at in FRONT view upon arrival to the house

See what your child's backpack camera is looking at in BACK view as he/she leaves school property

View of Map

View of what the child is seeing

Track the child's journey via Google mapping and latitude and have a live feed of the map on guardian's computer. Parents receives an Instant POP-UP notification via text/email telling them that the child is home safe.

Track the child's journey via Google mapping and latitude and have a live feed of the map on guardian's computer. Parents receives an Instant POP-UP notification via text/email telling them that the child is home safe.
